

**NATIONAL CENTRE FOR POLAR AND OCEAN RESEARCH
HEADLAND SADA, VASCO-DA-GAMA, GOA 403 804**

**APPLICATION FOR ACCESS TO INTERNATIONAL ARCTIC RESEARCH
FACILITIES AT NY-ALESUND, NORWAY**

NAME OF THE PRINCIPAL INVESTIGATOR: POSITION: ADDRESS: TEL: (Off.) Tel: (Res.) Mob: FAX: E-MAIL:	
NAME OF THE CO-PRINCIPAL INVESTIGATOR/S: POSITION: ADDRESS: TEL: (Off.) Tel: (Res.) Mob: FAX: E-MAIL:	
PROJECT: MAJOR DISCIPLINE:	
SUB-THEME:	
TITLE OF THE PROJECT:	
KEYWORDS (5-6):	
Whether ongoing or a new proposal: If an ongoing project, please fill in the project assessment form (Annexure V): (Attach a separate sheet if necessary)	
RELEVANCE TO THE STUDY AREA (150 WORDS):	
BACKGROUND (including updated literature and gaps) (500 WORDS):	

HYPOTHESES AND OBJECTIVES: (Attach a separate sheet if necessary)	
DETAILED METHODOLOGY: (including geographical area; instrumentation, chemicals and consumables required in the field; and methods of sample/data collection and analysis): (Attach a separate sheet if necessary)	
ANTICIPATED DELIVERABLES (150 words):	
Any possible links to the projects already listed in the Svalbard Science Forum. If yes how could this proposal complement the ongoing research?	
PERIOD OF WORK PROPOSED AT Ny- ÅLESUND: (Give at least three preferences (will be decided based on logistics))	
NAMES, DESIGNATION & AFFILIATIONS OF FIELD PERSONNEL: (Attach a separate sheet if necessary):	
Details of Passport (Field Personnel) Please indicate, number, place of issue, date of expiry, official/personal (Attach a separate sheet if necessary):	

Notes:

- Project proposal should not exceed ten pages.
- Please forward project proposals to arctic@ncpor.res.in and post hardcopies to the Director, National Centre for Polar & Ocean Research, Headland Sada, Vasco-da-Gama, Goa- 403 804
- Please ensure that all the requested information is provided.

Endorsement from the Head of the Institute/Organization

1. Certified that the institute has no objection to the implementation of the above project and the participation of the above officials in the proposed field studies at Ny-Ålesund, Norway.
2. Certified that the PI/Co-PI bears the requisite expertise to handle the above project.
3. Certified that the requisite laboratory infrastructure and administrative facilities will be extended to PI/Co-PI throughout the duration of the above-mentioned project.
4. Declared that data/metadata and expedition report will be submitted as per NCPOR's guidelines.
